

## Tutorial Create Account GitHub

1. Go to <https://github.com>. Fill the **username**, **email address**, and **password** that will be used. Then, click **Sign up for GitHub**.

Username: ostutorial172 ✓

Email: riccafitriani11@gmail.com ✓

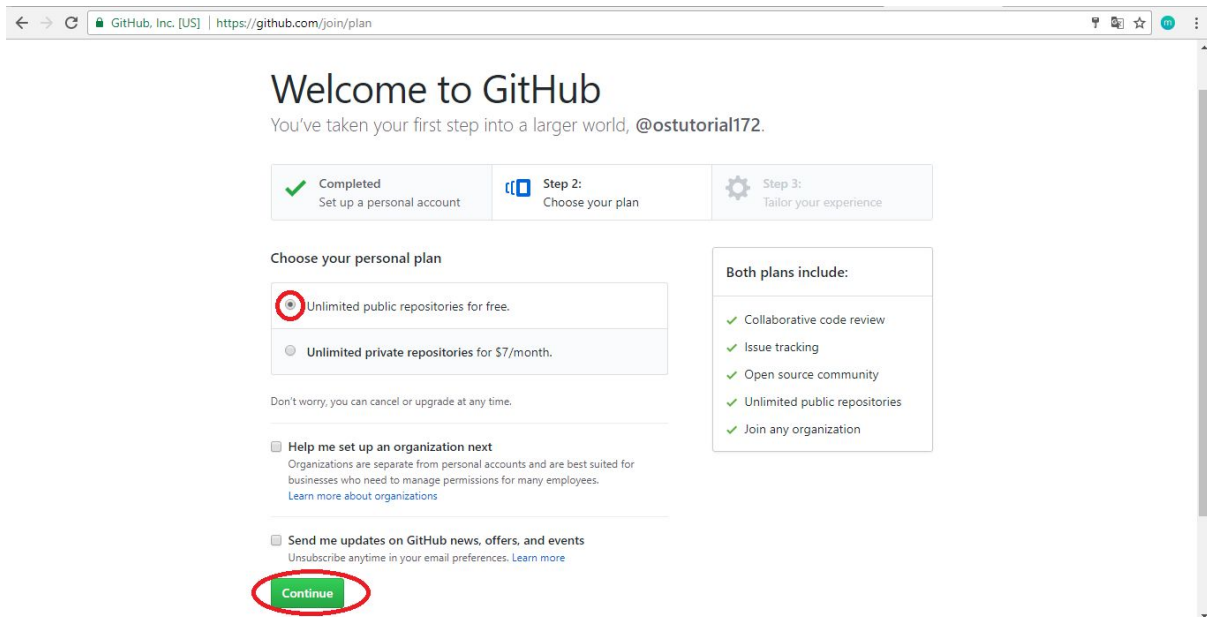

Password: ..... ✓

Use at least one letter, one numeral, and seven characters.

**Sign up for GitHub**

By clicking "Sign up for GitHub", you agree to our terms of service and privacy policy. We'll occasionally send you account related emails.

2. Choose **Unlimited public repositories for free**. Then, click **Continue**.

Welcome to GitHub

You've taken your first step into a larger world, @ostutorial172.

Completed: Set up a personal account

Step 2: Choose your plan

Step 3: Tailor your experience

Choose your personal plan

☒ Unlimited public repositories for free.

☐ Unlimited private repositories for \$7/month.

Don't worry, you can cancel or upgrade at any time.

☐ Help me set up an organization next

Organizations are separate from personal accounts and are best suited for businesses who need to manage permissions for many employees. [Learn more about organizations](#)

☐ Send me updates on GitHub news, offers, and events

Unsubscribe anytime in your email preferences. [Learn more](#)

**Continue**

Both plans include:

- ✓ Collaborative code review
- ✓ Issue tracking
- ✓ Open source community
- ✓ Unlimited public repositories
- ✓ Join any organization

3. In this step, you can freely fill out the form as you wish. Then, click **Submit**. Or if you want to pass this step click **skip this step** next to submit button.
